Step 7: Once you've completed the mandatory course, click the Store.

Congratulations you have completed this course!

Why not browse the [store](#) or [catalog](#) to find some other courses you would like to take.

Step 8: Take any classes of interest! They will all be listed as “free.” Here is an example:

The screenshot shows a course card for "Collaborating for Student Success". It features two images: one of a young boy and one of three women in a meeting. The course title is "Collaborating for Student Success". Below the title is a short description: "If you've heard about the benefits of administration, the education association/union, and other education stakeholders working together in partnership to co-create solutions that benefit students, and want to get started this course is for you. This course can guide you to develop a sustainable system of labor-management collaboration in your district or school." At the bottom of the card, there are three columns: "Rating" with five stars, "Content" with "9 modules", and "Price" with a lock icon and the word "Free". A blue "Add" button is located on the right side of the card.

Once you click “Add,” it will take you to the cart to check out. Then it will show up in your Dashboard, and you can begin the course.

To get back to MEA Online courses, click the Portal Switcher in the upper right-hand corner and click MEA Online.
