

# DONAIS DELIVERS ON MINNESOTA UNION VALUES!

## CAMPAIGN PLATFORM

1. Expand the Minnesota Model of Unionism  
Our power comes from our members and grassroots action. Our collective voice, starting at the local level, is a powerful agent for change. That voice deserves a seat at the table of NEA.
2. Fully Fund IDEA - Federal mandates should be paid for by the federal government. I will lobby our representatives and senators for full funding of the Individuals with Disabilities Act.
3. Equal Representation for All - Minnesota deserves to have all of our voices heard. NEA needs to eliminate the archaic merger penalty from the previous generation.
