

Vote for Vince!

at the 2025 Education Minnesota
Representative Convention

Commitment

1. **Member Advocacy** – *I will listen to your concerns, and I will represent these concerns at NEA Director's meetings.*
2. **Becoming One Union** – *I will work to bring us all together in Minnesota so that we have one voice at the national level.*
3. **Honoring the Profession** – *Educators prepare and develop the next generation of leaders, entrepreneurs, and working class. In short, we build the future of our country. We are the backbone of our country and deserve to be recognized as such.*
4. **Support ESPs** – *ESPs play critical roles in our schools. They are often the first face children see in the morning and the last in the afternoon. They are also woefully underpaid and deserve better. One job should be enough.*
