

EDUCATOR PENSIONS

Educator pensions are not the recruitment and retention tool they were created to be. A top priority for teachers is reforming their pension plan. With some of the highest educator contribution levels to their own pensions compared to other states, direct state investment is required.

WE SUPPORT LEGISLATION THAT:

Creates an unreduced career rule of 60 years of age and 30 years of service, rewarding decades of public service with a fair retirement benefit that will help retain mid-career educators.

Reduces penalties and increases flexibility for educator retirement, so educators can choose when they're ready to retire without losing a significant amount of their pension benefit.

Removes the delay on cost-of-living-adjustments for Tier 2 educators who retire before their Normal Retirement Age and immediately increase COLAs for retirees from 1.2 to 1.5%.
