

Get paid to help foster the next generation of educators

Become a Journey Teacher today!

Teacher Apprenticeship Minnesota is looking for experienced teachers to help mentor future educators by serving as advisors in new teacher apprenticeship programs across the state. As part of this program, Teacher Apprenticeship Minnesota provides financial support to all Journey Teachers.

A teacher apprenticeship program allows an individual without a bachelor's degree to work as an education support professional while meeting licensure standards through on-the-job training, receiving college credit toward a bachelor's degree, and culminating in a Tier 3 license.

A cornerstone of these programs is the guidance, modeling, and collaboration of a "Journey Teacher" – an expert classroom teacher who supports the apprentice through at least one of their three years in the program.

Apprentice Receives:

- Tier 3 license
- Bachelor's Degree
- A wage increase in the final year of the program

Journey Teacher Receives:

- A significant stipend
- Paid Journey Teacher training
- Other benefits negotiated with the district
